global sprint

May 10th and 11th, 2018

Join our world-wide collaboration party
for the open Web!

Our diverse network of scientists, artists, activists, educators, students, and more is gathering in person and online to innovate in the open! We'll be collaborating on open projects in open science, learning and teaching the web, internet privacy and security, and much more...

Your local site

Community Engagement Center 106,
University of Nebraska at Omaha
